### **Declaration of Principles**

- ❖ We believe in infinite intelligence. (We believe in God.)
- ❖ We believe that the phenomena of nature, both physical and spiritual, are the expression of infinite intelligence. (We believe that God is expressed through all Nature.)
- ❖ We affirm that a correct understanding of such expression and living in accordance therewith, constitutes true religion. (True religion is living in obedience to Nature's Laws.)
- ❖ We affirm that the existence and personal identity of the individual continue after the change called death. (We never die.)
- ❖ We affirm that communication with the so-called dead is a fact, scientifically proven by the phenomena of Spiritualism. (Spiritualism proves that we can talk with people in the Spirit World.)
- ❖ We believe that the highest morality is contained in the Golden Rule: "Do unto others as you would have them do unto you." (Be kind, do good, and others will do likewise.)
- ❖ We affirm the moral responsibility of the individual, and that we make our own happiness or unhappiness as we obey or disobey Nature's physical and spiritual laws. (Every day is a new beginning.)
- ❖ We affirm that the doorway to reformation is never closed against any soul here or hereafter. (Every day is a new beginning.)
- ❖ We affirm that the precepts of Prophecy and Healing are Divine attributes proven through Mediumship. (Prophecy and healing are expressions of God.)
